IWS Thesis Lists

On the IWS website, go to: Resources > Library > IWS Theses

IWS Thesis Lists

A current listing of IWS theses is available in two forms:

- 📄 IWS Thesis Collection (Chronological listing, 2020 update)

- 📄 IWS Thesis Collection (Alphabetical by author, 2020 update)

IWS keeps on hand two copies of every thesis for each graduating Doctor of Worship Studies student. These bound volumes are available for use in the IWS library. Digital copies are available to IWS students, staff, faculty, and alumni through the library catalog. Instructions for accessing digital copies are in 📄 this IWS Theses tutorial. Alumni should contact the Library staff to obtain copies of theses if they have forgotten their login credentials.

Persons not affiliated with IWS can obtain copies of theses through the Theological Research Exchange Network.

This web page gives you a list of thesis authors, titles, and abstracts.
Print copies shelved in the library by author's last name do not check-out.

IWS Thesis Collection Online

- Search for digital copies of IWS theses in the Catalog
- Search the catalog by author, title, or subject
- Add "Institute for Worship Studies" to subject search
- When you find the thesis record you want in the catalog, click on the "Online Resources" link to access

Two Types of Library Digital Resources

➢ ***Subscription resources*** are selected and paid for by the library. Users must login to have free access. Vendor restrictions apply to use.

- Atlas Databases
- eBooks on EBSCO

➢***Free (open access) resources*** do not require subscriptions. Libraries collect links to reliable and scholarly sites organized by topics of interest to their users.

Evaluating Information Resources

- *Scholarly vs Popular --* Scholarly resources are written by experts in the field and supported by research, while popular resources are written for general audiences and usually lack references to support assertions.

- *Refereed (or peer-reviewed) --* Articles are reviewed for credibility and quality by authorities in the field of study before acceptance for publication.

- *Websites --* The domain type may help indicate reliability and accuracy. For example,
  - .edu = academic institution with scholarly information
  - .gov = federal government site
  - .org = nonprofit, may include bias by advocacy groups
  - .com = commercial, may be biased to make sales
